Victoria Selected For Convention of Associated Boards

ISLAND LOOKS FOR PARK IN INLAND PEAKS

Development of Forbidden Plateau Area as Pleasure Reserve Pledged

By Times Staff Correspondent
Qualicum Beach, July 25.—All Vancouver Island is alive to the opportunity presented in the development of a great national park as a holiday ground, and there is no more desirable locality for a reserve of this kind than the Forbidden Plateau area. This was the expression of speakers at the convention of the Associated Boards of Trade of Vancouver Island which opened here yesterday.

It was G. S. Wood, Courtenay, who told the session following a banquet last night of the Forbidden Plateau, proposed site for a national park. The area included hundreds of unmaped lakes, both large and small, with snow capped mountains towering above the general level of 3,000 feet. Within a few miles of the sea were timbered areas awaiting the first coming of man. Trails through these awe-inspiring and massive scenes of nature would prolong the stay of tourists here and make Vancouver Island even more famous as a holiday ground, Mr. Wood said.

UNIQUE PARK
Such a park as that proposed would include sea beaches, which would adjoin great forest lands, and would contain the highest mountain area of the middle island.

A. Leighton of Nanaimo told the gathering that trails through the Forbidden Plateau area were ready for use to ponies, and that a party of climbers, headed by C. L. Harrison of Victoria, was at present on the ground marking paths through the unexplored parts of the plateau. The opening of this district would give hundreds of persons opportunity to earn a good livelihood, Mr. Leighton said.

He advocated extensive development of pony trails, on the island, supplementing the main highways. The opening of Strathcona Park to motorists in concert with development of the Forbidden Plateau would provide the type of all year playground the Federal Parks Board is seeking on the Pacific Coast. The opening of this district would give hundreds of persons opportunity to earn a good livelihood, Mr. Leighton said.

TWO DEATHS IN GASOLINE FIRE

Leak From Tank at Kingman, Arizona, Causes Disaster; Trains Delayed

Kingman, Arizona, July 25.—This morning the inferno that had been the Union Oil Company's plant here still raged, with two lives and possibly a third sacrificed to its blazing maw. Harold Davis of this city and Charles Rogers of Los Angeles lost their lives, despite the efforts of E. G. Putnam and William St. Charles, also of Kingman, to extinguish the torch-like blaze of their bodies. St. Charles was seriously burned.

The disaster started when the four, changing valves in a large gasoline tank, found it difficult to install the new valve. Gasoline began to flow from the railroad tracks near by, due to the leak, which the four, despite their frantic efforts, could not stem. The trail of gasoline became ignited, consuming Davis and Rogers, whose clothes were saturated, as were those of the other two.

Atlantic Flight Start Postponed

Rockford, Ill., July 25.—The start of Bert Hassell's proposed aeroplane flight from here to Stockholm, Sweden, was postponed until Thursday morning because of unfavorable weather predictions.

CUBA POPULATION REPORT
Havana, July 25.—Cuba's population, exclusive of immigrants, is 3,484,210, according to official census figures up to June 30, 1928. Havana's population is listed officially as 945,221.

By Staff Correspondent
Qualicum Beach, July 25.—Victoria will be the venue of the 1929 convention of the Associated Boards of Trade of Vancouver Island, it was decided at the close of the convention here to-day. The invitation was presented by C. P. Hill and unanimously accepted.

Next year's gathering here will mark the first time the convention has been held in Victoria since the organization of the Associated Boards.

Rev. M. W. J. Bruce of Saanich, president of the Associated Boards of Trade, was to-day re-elected to the office of president, and A. Leighton of Nanaimo was made vice-president.

The convention closed with the passing of a vote of thanks to the Qualicum Beach Board of Trade.

On a motion of Reeve William Crouch of Saanich and C. P. Hill, Victoria, a message was sent to the Vancouver City Council regretting the accident suffered by Mayor L. D. Taylor with hopes of speedy recovery.

PUBLIC UTILITIES BOARD.
The association favored the reappointment of the Public Utilities Board and the principle should be established that, as the development of the country justifies it, there should be reasonable reduction of rates of public utilities having regard only to the amount of money invested.

A resolution from the Malahat valley was thrown out by the resolutions committee because of it being a Federal matter.

The convention favored changes in the passport regulations of Canada. They would make it possible for passports to be issued in the Province and not exclusively at Ottawa.

The Provincial Government will be asked to amend the motor drivers' license regulations to permit production of license within twenty-four hours following the request of a police constable.

BIG ATLANTIC PLANES BUILT

Germans Construct Twelve-motored Machines For Europe-U.S. Service

New York, July 25.—The New York Times publishes the following copy-righted dispatch from Berlin: "Information from sources close to the Dornier works to the effect that concern is constructing eight passenger planes designed for service between Europe and the United States has leaked out."

"The correspondent learns the Dornier planes will have no fewer than twelve motors intended to lift fifty tons into the air."

"Germany feels confident she will operate the first regular transoceanic air service, and, as the leader in this venture, hopes to gain a footing amounting practically to a monopoly of the business of transporting passengers, mail and freight between the continents."

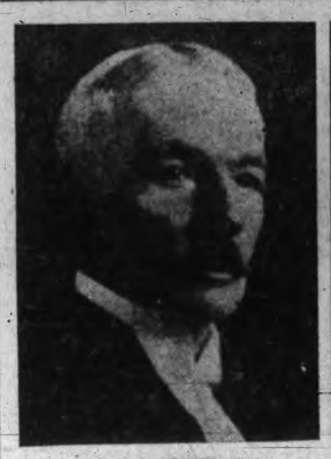

"The Dornier Du-X, as the type of the colossus of the air will be called, is designed especially for such traffic, and according to a director of Lufthansa, will be put in service on a line between Hamburg or Bremen and some point in Florida next year."

Owing to the intense interest in the heavyweight fight to-morrow night between Gene Tunney, champion, and Tom Heeney, challenger, The Times will publish an extra edition immediately after the bout ends.

The gladiators will enter the ring at 6 o'clock, Victoria time. The fight is scheduled to go fifteen three-minute rounds, with a one-minute interval between each. The fight, provided there is no knockout, will end inside an hour.

The Times extra giving a detailed account, round by round, with a graphic description of the crowd, the highlights and exciting moments, will be on the streets soon after the fight ends.

ITALIA PARTY IS NOW IN NORWAY

Survivors of Ill-fated Nobile Expedition Are Traveling Home to Italy

Narvik, Norway, July 25.—The Città di Milano, base ship of General Umberto Nobile's ill-fated North Pole expedition, is due here late this afternoon with the survivors of the Italia party. They are scheduled to leave for Italy at 6.30 p.m. in a special coach in an ordinary train.

The survivors will not pass through Stockholm and are most likely to take a route through Copenhagen, Denmark, and Warnemunde, Germany. A representative from the Italian legation at Stockholm is awaiting the arrival of the survivors here.

The Swedish Nobile rescue mission, which is now at Tromsø, will fly home by way of Narvik and Lule, Sweden.

Tacoma Policeman Wounded By Boys

Tacoma, Wash., July 4.—Sergeant H. V. Hill, head of the motor division of the Tacoma police department, is near death from a bullet wound in the head, apparently the victim of automobile thieves.

He said he had been shot by one of four boys, ranging in age from sixteen to eighteen years, when he discovered them stripping a stolen car.

STRONG MOVE LAUNCHED TO KEEP MACLEAN

Leading Liberals Start Strong Effort to Prevent Premier's Retirement

Demand So General Government Leader May Be Unable to Refuse It

Pressure on Premier MacLean to remain as leader of the Liberal Party in British Columbia and of the Opposition in the Legislature has proved so strong in the last few days that friends close to him expressed the hope to-day that he would decide after all to continue in politics.

As soon as it became known on Monday that the Premier was not anxious to remain in public life, several Liberal members-elect, undoubtedly will be ready to resign in his favor, but before a seat could be opened, of course, a promise of an election by acclamation from Hon. E. T. Tolmie, Conservative Leader, would be necessary. Influential Conservatives, whose views have been expressed in plain terms by The Vancouver Province, leading Conservative newspaper, are urging Dr. Tolmie to clarify this situation by a definite announcement that Dr. MacLean's election to the House would not be opposed. These Conservatives realize that Dr. MacLean would be a strength to the Province as a whole in the Legislature because of his recognized ability and experience. They feel that Dr. Tolmie can hardly decline to facilitate his election.

WORK INVALUABLE
Men of both parties who are demanding that Dr. MacLean remain in politics feel that he would give to the position unique authority on provincial affairs generally, fairness in debate and a sense of self-restraint which most oppositions lack. With a new Government, inexperienced in public affairs, Dr. MacLean's presence in the House would be of wide use to the whole Province.

BRITAIN HONORS EARL OF BALFOUR

Statesman Celebrates 80th Birthday; Still Active; to Play Tennis

London, July 25.—Great Britain honored to-day the eightieth birthday of one of her most distinguished statesmen, the Earl of Balfour.

As a tribute of appreciation of his services to the state and as evidence of his personal esteem, his friends in the House of Lords and the House of Commons presented him with an expensive motorcar as a birthday gift.

Lord Balfour's public service goes back fifty-four years, for he entered the House of Commons in 1874 and he is one of the few great survivors of the Victorian era. The only other statement of outstanding eminence in the period alive to-day is the Earl of Rosebery. He has been out of politics for twenty years and is an invalid.

MEMBER OF CABINET
The Earl of Balfour is a member of the Cabinet to-day, being Lord President of the Council. Notwithstanding the throat affliction which laid him aside last Winter and Spring he is again normally active.

His recent illness necessitated a rest from his usual physical activities, including tennis, of which he was a devoted player, but The London Daily Mail quoted him to-day as saying he intended to take up tennis again shortly.

PEEKERS TENNIS
It seems unlikely he will resume golf, which he also played a good deal, for he said: "Tennis is not like golf. If you play golf you must do it four or five times a week for two hours of walking, but you can crack off tennis when you like."

Vancouver Mayor Gains in Fight To Regain Strength

Vancouver, July 25.—Mayor L. D. Taylor of Vancouver, who suffered a fracture of the skull when he was struck by an aeroplane propeller on Monday, is holding his own to-day.

A bulletin issued by Dr. R. E. McKechnie said the mayor's condition was good. His pulse was normal and he was fully conscious.

"He hasn't even a headache," the physician remarked with a smile.

INTERNATIONAL CONFERENCE DISCUSSES CANADA'S GAINS

Seattle, July 25.—The growing importance of Canada in world affairs was discussed to-day by F. N. LEGAL POINT MAY HOLD UP RESIGNATION

Ministry May Have to Remain in Office Until Nearly End of August

Cabinet Anxious to Retire Early Next Month; Delay Is Opposed

Date of the MacLean Government's resignation remained in doubt to-day while legal experts investigated the suggestion made in some quarters that the Ministry cannot retire until after all the ballots cast in the general election have been finally counted. No report on this question will go before the Cabinet until to-morrow. Meanwhile Premier MacLean did not wish to discuss it, but added that he and his colleagues were much opposed to waiting until the ballot count is finished before resigning.

WOULD REWARD BUSINESS
If it is necessary to wait for this formality the Cabinet cannot retire until close to the end of August. That would create an unfortunate situation, as many vital questions would be pigeon-holed from now until the formation of a new Government. The present Ministry is doing nothing of any importance; contracts are held up; the future public works programme is in abeyance and the whole policy of the Province is in doubt. It is agreed on all sides that this condition should not be allowed to continue any longer than is absolutely necessary and Ministers are hoping that the fear that they must remain here for more than a month will prove groundless. If there is nothing to keep them in office longer, they will retire on August 8 or before.

TOLMIE TO VISIT PEACE RIVER AND NORTHERN B.C.

New Premier Will Make Personal Investigation of Railway Situations

Hon. S. F. Tolmie's first move as Premier of British Columbia after announcing his Cabinet Ministers and taking over the offices in the Parliament Buildings here early next month, will be to make a trip to the northern part of the Province in order to make a personal investigation of conditions before deciding on policies, he announced last night before sailing on the boat for Vancouver.

The new Premier said that after much thought and discussion, he had settled on his new Cabinet, but as to who the members would be, that was a secret which would remain with him until the day he was called in to take over.

"As soon as we are installed in office and I can get away, I am going to visit the Peace River country and the Stewart district to familiarize myself with the needs and the development of these areas," he said.

He said that he could not say anything regarding the extension of the P.C.E. until he had sized up the situation on the spot. As for the new railway being built inland from Stewart, B.C., by interests headed by Hon. H. H. Stevens, Dr. Tolmie said that construction on that line, would now go ahead as he knew that the project was well-financed.

Police Enforce Observance of New Stop Signs

City police have commenced to enforce the new traffic regulations calling for motorists to observe the new stop signs installed at the various approaches to the arterial highways.

This morning the police and city clerk were busy issuing summons for fifty motorists who will be called to appear in the City Police Court next Monday morning to answer charges of not observing the stop signs.

For the last few days Chief of Police Fry has had constables posted at the crossings and all motorists who have failed to observe the signs have been stopped. Motorists are advised that where there are no stop signs at an intersection the traffic regulation giving the driver on the right the right of way is still effective.

TEN CLIMBERS CONQUER PEAK OF 6,200 FEET

Special to The Times
Ten members of the Forbidden Plateau camp of the B.C. Alpine Club scaled Castle Mountain, 6,200 feet in height, on Monday.

C. L. Harrison of Victoria led the party in its exploit. No one had ever before reached the summit of the peak.

The other members of the climbing party were Miss Rena Jones of Victoria, Miss Alfreda Berkeley of Nanaimo, C. K. Chadwick, W. H. Boucan and Richard Todd, all of Victoria, and Bed Hughes and Sidney Williams of Nanaimo. Two packers accompanied the climbers.

While Mr. McKay used begonias, coleus, alyssum, mimulus, petunias, Easter lilies and tobacco plant.

The Dr. A. G. Price trophy for the best exhibit of sweet peas went to J. A. Hiberson, whose display included twelve different varieties, of which "Mrs. A. Searles," "Pinkie" and "Mrs. A. Searles" were the most beautiful.

Great variety was shown in the entries for the wild flower display. One hundred and thirty-five different kinds, all found in the area.

A. T. and E. B. Robinson won the competition for outside-grown cut flowers, which was larger and of a higher quality than any previous exhibit of its kind. The outstanding flowers in this class were gladioli, dahlias and roses, though the pansy, viola, penstemon, antirrhinum and carnation retained their usual popularity.

The fruit and vegetable displays were well represented this year. Squash, beets, potatoes, cucumbers, radishes, onions, cauliflower, carrots, peas, corn, broad beans, string beans and many other varieties of vegetables, now in season, were tastefully arranged on the table.

Swiss chard, rhubarb and cabbage were of unusual size, while the berries and small fruits were of fine quality.

FINE TRADE DISPLAYS

The commercial displays in the show demonstrate in striking fashion the progress of the horticultural industry on Vancouver Island in many different branches. The four big trade exhibits are from R. M. Palmer's nursery, Cowichan Bay; the Rockhome Gardens, Saanich; the Parliament Building gardens, and the Clarence McFarish gardens on Breed's Crossroad.

Gladioli of extraordinary size and superb coloring featured the Palmer collection, which is famous all over Canada. Linums of rare beauty also were shown.

The Rockhome plant collection included many-colored delphiniums of remarkable size, numerous varieties of dahlias, several heathers in full bloom, Swiss edelweiss, some new and handsome carnations, butterfly budleia, rare penstemons, rock plants and some fine specimens of dwarf conifers.

Roses from the famous rose beds of the Parliament Buildings attracted much attention. The rose collection included some new and beautiful varieties like "Red Cross," "Mrs. W. J. Morse," "Captain Wiley Stewart" and "Cheerful." Dahlias, Shasta dahlias and ferns also were shown.

The McFarish display consisted entirely of gladioli in bewildering variety. The coloring and size of the blooms proved a surprise and delight to visitors who had not realized how Vancouver Island has progressed as a plant centre.

Alderman Brown formally opened the show at 3 o'clock yesterday afternoon. He commented the society on the fine exhibits on view, and said that such displays were of great value to the city. In that they aided in proving Victoria to be a city of sunshine and flowers.

This evening at 8 o'clock the Rev. H. B. Allen, president of the Vancouver Island Horticultural Society, will address the gathering of competitors and spectators at the garden. He will also issue the results of the Vancouver Island garden competition which ended two weeks ago. Following this Mrs. Allen will present the prizes to the winners of the various awards.

At the close of the show, the flowers will be sold at auction. The committees in charge of the exhibition were: Executive committee, P. L. Leighton, president; G. Attwood, vice-president; F. E. Boulter, secretary; treasurer, Mrs. E. W. Darcus, W. B. Lantyne, W. Darling, A. Green, T. Devenon, F. B. Robinson, Norman Rant, E. A. Saunders, F. Turner and H. Whitehead. Judges of floral section, A. Nichols, Benvenuto; W. J. Sheppard, Victoria. Judges of fruit and vegetable section, F. W. Ankell-Jones.

GREAT VARIETY AT GARDEN SHOW

Gladioli, Sweet Peas, Potted Plants and Roses Feature of Exhibition

That the Victoria Horticultural Society was successful in its aim to make its fifth annual Summer show bigger and of a higher standard than any previous one was recognized by those who saw the exhibition at the Crystal Garden yesterday and today.

Throughout the entire show competition was keen, and the judges had great difficulty in deciding the winners. In the group display of potted plants, J. Naysmith was awarded first prize, while Angus McKay came second. The dominating plants in the winners' display were coxcomb, calceolarias, Rex begonias and ferns.

ISLAND LOOKS FOR GREAT PARK AMONG INLAND MOUNTAINS

(Continued on page 1)

W. O. Wallace, Saanich, said he had lived on Vancouver Island for forty years and had never heard of the Forbidden Plateau. "Advertise what you have," he urged.

George Hutchinson, Esquimalt, requested the origin of the name, "Forbidden Plateau," and was informed by Mr. Wood that Indians held the area "Taboo," believed that tribes from the area had caused massacres in the past, and had refused to guide exploring parties into the district.

DOMINION INTERESTED

George I. Warren, Victoria, said the Federal Park Bureau was greatly interested, but the Provincial Government had hitherto refused to relinquish claim to minerals and water rights, a basic demand of the Federal Government having complete control of national parks area developed as playgrounds. He believed the Federal Government would accept the Forbidden Plateau and develop national park if able to prevent industrial development within playground areas.

"We, as Associated Boards of Trade, must see to it that these obstacles are removed and development of the tourist trade is advanced," he asserted. "The minute the Park Board develops the Forbidden Plateau as a resort, we on Vancouver Island are made." Mr. Warren said. He urged that pressure be applied to the Provincial Government to withdraw objections to transferring unlimited titles.

General Money, Qualicum Beach, said the scenic timber of central Vancouver Island was becoming stumps and development of a well protected park as a tourist attraction should be supported by all the people of British Columbia.

OPINIONS DIFFER

Reeve William Crouch, Saanich, said the Provincial Government was right to be cautious in alienating water rights. Irrigation would make Vancouver Island independent of tourists.

Mr. Leighton countered that the water of the Forbidden Plateau lakes would not be withheld from use on its way to the sea in the rivers.

W. O. Wallace, Saanich, asked for action to call attention of the Government to destruction of timber by ruthless exploitation and to urge protection of Strathcona Park from destruction.

C. P. Hill, Victoria, contrasted the faggot-gathering thrift of Europe with the prodigal waste of timber in this Province, declaring, "It is not fair to chew up and shut out timber as we do in this country, destroying eight-inch trees to get out saw logs which mill men say they sell at no profit."

T. S. Dixon, Vancouver, reviewed the necessity of concerted effort by all Boards of Trade to attain the solution of important problems.

"The Vancouver board is keenly interested in the activities of the Island board," he said.

W. E. Payne, Vancouver Board of Trade, said British Columbia stood second in the total of provincial boards affiliated with the Canadian Chamber of Commerce. The Canadian Government stood ready to heed the voice of

business in Canada just as soon as the business men unite, and plain their needs, and desires, he said.

L. Arnold Hanna, member-elect for Alberni constituency, was called upon by President Montague Bruce to support in the Legislature the resolutions to be adopted by the convention. Mr. Hanna said he would devote every effort to advancing the interests of Vancouver Island and the Province.

FLUME PROBLEM

The Cowichan Lake-Cowichan Bay logging flume project was deserving of most careful attention by every commercial and industrial body on Vancouver Island, declared Rev. M. W. J. Bruce, president of the Island Board, in his address at the opening of the convention.

Rev. Mr. Bruce did not hesitate to criticize, although he declared that for a layman it would be presumption to advise in matters of this kind. He said: "A matter of very vital importance, particularly to one area, and generally affecting the whole Island, has arisen in the suggestion that a flume should be erected to take the logs from Cowichan Lake to Cowichan Bay. Notwithstanding the special pleading before the Duncan Chamber of Commerce, I feel that the result, if this flume is allowed to be erected, will be inimicable to the climate of the section of the Island which is affected through the rapid deforestation that will occur, that the water will be so lowered, notwithstanding assurances to the contrary, that during the Summer there will be little or no water in the river, thereby absolutely destroying Cowichan as a nursery for the salmon, which frequent our coast. In the Winter the streams will be coming raging

torrents, a source of danger to the people living on their banks, and a menace to the town of Duncan. The company requires eighty cubic feet per second for the transportation of the logs. During 1915 at the lake outlet in September and October only thirty-two cubic feet were registered, while even in October, 1916, only eighty-five cubic feet passed the gauge. These figures speak for themselves. This is a matter, though, which requires experts to look into and decide on, and, therefore, apart from this warning note, it would be presumptuous to advise."

NEW PROSPECTS

There was satisfaction to be enjoyed, said Rev. Mr. Bruce, at the coming of the new Edmonds-Victoria ferry, still another link with the mainland tourist flow to the Northwest. This sort of thing should be encouraged, he asserted.

He reviewed the general economic conditions. The particularly healthy conditions prevailing in swilling bank clearings were largely a result of the improved export lumber trade, he said. In regard to the road situation on the Island, Rev. Mr. Bruce declared that new travel routes were required, particularly from Spruce Lake to Ucluelet and Long Beach and from Cumberland to Alberni. The West Coast road, already begun, would be a boon to that section of the country it traversed, he said.

NEED SHIP LINE

Rev. Mr. Bruce believed that a steamship service on the East Coast of the Island was essential to the progress of the communities growing along that section of the shoreline. "The great need under present-day

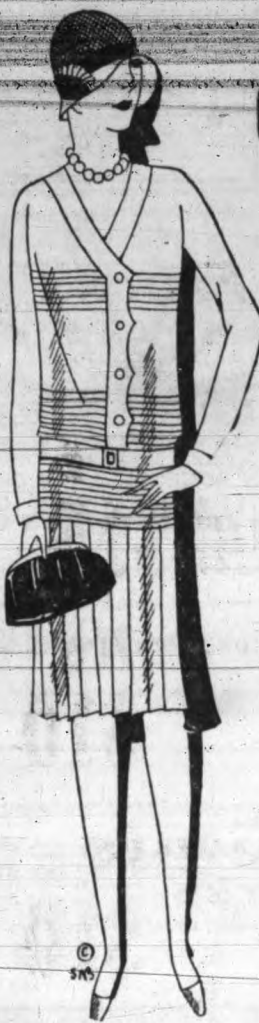

conditions are good roads, plenty of them, and good transportation. The Saanich Peninsula has at last got in sight what most of us regard as the ideal system; one man or company in charge of the transportation, coordinating it in its various branches and routes, acting, of course, under stringent conditions from "the municipality. But, situated as we are at the southern end of the Island, the ferry from Brentwood to Mill Bay has become a necessity, and the time has now come, seeing the value of this connection to all, that a shorter route should be chosen and a better boat provided. This I hope my successor will be able to report next year. However, it should be noted that those men who were responsible for the idea, who risked their all on this endeavor and who have borne the heat and burden of the day, should be given preferential treatment when this looked for improvement is made."

He was glad to see the Government collaborating with the Nanaimo Board of Trade in advertising and encouraging the Up-Island coal and the industry. Concluding, Rev. Mr. Bruce spoke of the advisability of procuring a national park, with the Forbidden Plateau area and the Strathcona lands joined in one vast playground, an incomparable district of grandeur of mountain and beauty of river and lake. C. S. Wood delighted the convention with screen pictures of the Forbidden Plateau area at the conclusion of last night's banquet. The Qualicum Board of Trade and P. H. Buller, secretary, were enthusiastically thanked for the excellent entertainment and accommodation provided the convention.

Minto Portrait Is Hung at Ottawa

Ottawa, July 25.—A magnificent life-size portrait of the late Earl of Minto, Governor-General of Canada from 1899 till 1904, has been presented to the Dominion archives. The portrait, the work of Miss Vicari, an English artist, arrived yesterday and has been hung in one of the Governor-General's rooms.

The Dowager Countess of Minto, widow of the administrator, donated the gift to Canada.

Sentence Imposed On K.K.K. Man In Saskatchewan

Lemberg, Sask., July 25.—R. C. Snellgrove, organizer for the Ku Klux Klan, was sentenced to two months in jail and fined \$75 and costs here yesterday by Magistrate W. B. Scott of Regina, when convicted on a charge of carrying concealed weapons.

Defending counsel gave notice of an appeal and Snellgrove was allowed his liberty on producing \$1,000 bail. The Royal Canadian Mounted Police prosecuted, evidence being given regarding the discovery of a revolver in a traveling bag in the car owned by Snellgrove at Lemberg on June 29, when Premier Gardiner of Saskatchewan and J. H. Hawkins addressed a meeting.

Capt. Sir Cecil Denny, Ex-Inspector of Mounted Police, Dies in Edmonton

Edmonton, July 25.—One of the last of the pioneer figures of the Royal Northwest Mounted Police which crossed the plains in 1874, Capt. Sir Cecil Denny, died here yesterday. He was born in County Kerry, Ireland, died in a local hospital last night at the age of twenty-four and enlisted at Ottawa in the Mounted Police force, which was then being organized. He rose to the rank of Inspector in the force, and was one of the officers who signed the famous treaty of 1877 with the Indians.

BUYS FORTUNE IN JEWELS ON FAKED CREDIT

New York, July 25.—Jewels valued at half a million dollars were seized by the sheriff of New York from a Fifth Avenue jeweler to-day on the ground that he had obtained them, apparently in perfect good faith, from a housekeeper, who authorities say, had run wild on her employer's credit.

CANADIAN MAY BE WORLD JUDGE

COMMITTEE OF FOUR
The Canadian Government appointed a committee of eminent jurists and lawyers, comprising Chief Justice Anglin of the Supreme Court of Canada, Right Hon. Sir Robert Borden, Sir Lomer Gouin and Hon. Sir William Mulock, Chief Justice of the Supreme Court of Ontario. This committee accepted the duty of selecting Canada's nominee and has now reported recommending Mr. Justice Duff of Mr. LeFleur.

LEAGUE NOTIFIED
The Government has notified Sir Eric Drummond, secretary-general of the League of Nations, of these nominations. At the September meeting of the League Council and assembly the various national nominees will be voted on at a joint session, when the judge will be chosen.

News that Mr. Justice Lyman P. Duff has been nominated for a seat in the Permanent Court of International Justice will bring congratulations from many citizens of Victoria, Vancouver and other parts of British Columbia, with whom he is personally acquainted. Born in Meaford, Ontario, educated there and at the University of Toronto, known as a successful teacher of mathematics in the Barrie, Ontario, Collegiate Institute and called to the bar of Ontario in 1893, he came to Victoria in 1895. He practiced law here until 1904, being connected with a number of cases which brought him national and international attention. He represented British Columbia in the Deadman's Island trial in 1901. He was counsel at the inquiry into the Columbia and Western Lands subsidy in 1903. He was one of the counsel, with the late Hon. Edward Beke, K.C., and the late Christopher Robinson, K.C., representing Canada before the Alaska Boundary International Commission in 1903. His interest in the political field brought him the honor of the presidency of the Victoria Liberal Club for some years. From 1904 till 1906 he was a judge of the Supreme Court of British Columbia. On September 27, 1906, he was appointed a judge of the Supreme Court of Canada, since which time he has made his home in Ottawa.

LAFLEUR'S CAREER
Eugene Lafleur, D.C.L., LL.D., is one of Canada's noted lawyers. Rarely in recent years has a great constitutional case come up before the Supreme Court of Canada or the Judicial Committee of the Privy Council in London in which Mr. Lafleur has not held a brief. He was born in Longueuil, Quebec, in 1856, of Swiss descent. Educated at a high school in Montreal and McGill University, he was called to the bar of Montreal in 1881, and created a Queen's Counsel in 1899. Among the celebrated cases in which Mr. Lafleur acted as counsel were the Alberta natural resources issue before the Supreme Court at Ottawa. He holds the degrees of LL.D. and D.C.L.

Dispatches from Geneva said Germany and Holland had nominated Charles Evans Hughes, of the United States, for the vacancy in the International Court, with Germany giving a second vote to Walter Symons, Chief Justice of the Supreme Court of Germany.

CRIME EXPERT FINDS MISSING MURDER CLUE

Famous Criminologist By Mysterious Mental Process Aids Alberta Police

Edmonton, July 25.—The most remarkable part of the four-man jury, Vernon Booher, twenty, confessed in a provincial police cell in Edmonton, was the work done by Dr. Adolph Maximilian Langster, Vinnese expert, in assisting the police to solve the mystery.

Since July 9, when young Booher ran to a neighbor's and announced he had just found his mother and brother and the two hired men of the farm lying dead around the farm house, the police had slowly and surely woven a web of circumstantial evidence which pointed to Vernon Booher as the only person who could have committed the crimes.

OPPOSITION IN EGYPT SCORED

London, July 25.—Rumors of the assassination of a Mohammedan, Fusha, Mahmood, Premier of Egypt, remained unsubstantiated to-day. A dispatch from Jerusalem yesterday said: "An unidentified rumor from Jaffa says the Egyptian Premier was assassinated."

The London Daily Express to-day printed an interview with the Premier, Alexander, Egypt, which the paper said had been granted yesterday. There was no confirmation from any source of the rumored assassination.

SCORES OPPOSITION
The Premier was quoted in The Daily Express interview as reiterating his charge that the opposition party had tried to wreck the constitution of Egypt, while Mahmood himself was anxious to save the constitution. He disapproved, however, of the projected treaty which Sarwat Pasha, former Premier, had negotiated with Great Britain, especially the clause dealing with the army of occupation.

Mahmood denied he was emulating Premier Mussolini and Mustapha Kemal Pasha.

"They," he said, "believe in dictatorship. I believe in a parliamentary regime."

Tolmie, Visitor In Vancouver, Says His Task Difficult

Vancouver, July 25.—Hon. S. F. Tolmie, Premier-designate of British Columbia, is in Vancouver to-day for his first visit since election day. He is to address the B.C. Institute of Journalists this evening.

Dr. Tolmie declined to comment upon his task of cabinet making except to say he was getting fun out of trying to "fit thirty-five pegs into eight holes."

Asked what would be his attitude towards clearing away for Hon. J. D. Macdonald to re-enter the Legislature as Opposition leader in the event of a Liberal member resigning, Dr. Tolmie said: "That would be like asking for the constituency concerned, but I do not imagine there would be any serious difficulty raised."

VICTORIA SELECTED FOR CONVENTION OF ASSOCIATED BOARDS

(Continued from page 1)
The Railway Board will be asked to abolish the charge of 50 cents imposed on log shipments for equipping cars.

UNIFIED CONTROL OF MINERAL RIGHTS
The association favored unified control of mineral rights in the railway belt of Vancouver Island. Gold and silver are under provincial control, but base metals are subject to regulations by the Equimetal and Alberca Railroad, which is greatly discouraged.

The convention restated opposition, voiced at previous gathering, to arbitrary rates on lumber shipped by rail from Vancouver Island. Shipments of lumber to Canadian prairie points cost two cents per hundred pounds more than similar shipments to equally distant United States points.

STORM CAUSES CROP LOSSES

Heavy Accompanied Lightning in Saskatoon Region of Central Saskatchewan

Saskatoon, July 25.—Heavy grain crops almost ready for harvesting were completely wiped out in some parts of Central Saskatchewan last evening by hail which accompanied the worst weather storm for this district in a decade. Losses ranging from 10 to 100 per cent were reported this morning.

In the vicinity of "Turkey" wheat was in places flattened to the ground by hailstones.

North Battleford also reported heavy losses from hail and many broken windows in the city.

In Saskatoon the street railway service and other traffic were temporarily paralyzed by a deluge of rain which brought the annual exhibition to a full stop in the middle of its evening programme. Lightning struck a residence and the Royal Canadian Mounted Police barracks, damaging both buildings. The city was in darkness for a time.

A brief report from Plenty, Sask., at 1:30 o'clock this morning stated a storm of cyclonic proportions swept that village and carried away the spire of a church and the roof of the skating rink.

The storm appeared to have been most intense from Saskatoon northwest, the Goose Lake valley, southwest, reporting a thunder storm, but no hail damage. Points north of Saskatoon reported no rain or hail.

NEW SEARCH FOR AMUNDSEN MEN

Russian Icebreaker Sea Dove Will Hunt Arctic Area Also For Six Italia Group

Moscow, July 25.—The Soviet-Italian Rescue Commission to-day ordered the icebreaker Sea Dove, now in Arctic waters, to explore the region around Franz Josef Land and to push in a northwesterly direction in search of the missing Amundsen group of six and the six men of the Italia carried off in the dirigible's bag on May 25.

The Sea Dove is equipped with an aeroplane and particularly will explore the Cape Flora section, one of the southernmost points of Franz Josef Land.

The icebreaker Maltin anchored to-day off Archangel after returning from an unsuccessful search for the still missing men.

Professor Vise, head of the expedition, immediately left for Moscow to submit a report on the Maltin's work.

PRAIRIE LABOR CALL NOT MET

Vancouver, July 25.—Prairie farmers will have to look elsewhere than British Columbia for harvesters this year in the opinion of Government employment officials here. This Province generally supplies from 6,000 to 10,000 men each year for the prairie harvesting.

"Conditions in British Columbia are better than they have been for several years past," James H. McVeety, superintendent of the Dominion Employment Service, said, "and from my observation I would say there are nearly as many men out of work in this district as usual at this time of year."

BRITAIN HONORS EARL OF BALFOUR

(Continued from page 1)
MESSAGE FROM KING
King George added his voice and that of Queen Mary to the chorus of congratulation by sending this telegram:

"It is a great pleasure for the Queen and myself to send our heartfelt greetings on this eightieth birthday to an old friend like yourself, and to one who has been a faithful and valued adviser to three consecutive governments. We trust you may continue to be blessed with those powers of mind and body which long have been the delight and admiration of your many friends."

TRIBUTE FROM PRINCE
A British Academy luncheon yesterday was held partly in honor of the aged statesman's birthday and the Prince of Wales, who is on terms of intimate friendship with the Earl, paid him graceful compliments, to which Lord Balfour responded with a lively speech.

After proposing Earl Balfour's health, the Prince of Wales said: "Lord Balfour was a Cabinet Minister eight years before I was born. For well over a half century he has maintained his golf handicap at a lower level than mine is likely to touch for some time to come. These two considerations alone would make it imperative for me to give you an estimate of his career."

BIG STORM IN SASKATOON

Saskatoon, July 25.—One of the worst electrical storms in the history of this city broke last night. One residence and the Mounted Police barracks were struck, but the damage was not serious. Lights went out in many sections of the city and the streets were flooded.

SOUTHERN B.C. HAS HEAT WAVE

Nelson, B.C., July 25.—Trail, with a temperature of 108 degrees, was the hottest spot of the interior of British Columbia, which yesterday sweltered in the heat. Grand Forks was the second with the thermometer registering 104 degrees. It was some cooler in Nelson, where the mercury reached 98, Cranbrook registering 97 degrees.

Lightning and Much Rain; Street Cars Submerged

The exhibition grounds resembled a lake. The city's two subway were flooded and several street cars caught in them were stranded with only portions of their roofs left showing. Telegraph companies reported wire difficulties. A little hail fell here and heavy hail was reported in the North Battleford region.

COMMITTING THE DOCTOR

CERTAIN SUPPORTERS OF DR. TOLMIE are busy mapping and charting the course they think their leader should pursue as head of the next Government of the province. In their zeal, and borne on the momentum of the recent campaign, they are trying to commit him to policies which he would find very difficult if not entirely impossible to put into operation. Their interpretation of some of his pre-election generalities and their attempts to make him responsible for the promises of his candidates are likely to prove rather embarrassing to him.

For example, the morning paper yesterday used the following words:

In British Columbia, through the medium of natural resources and their development, a large revenue is being collected from the taxpayers. Hereafter that revenue should be distributed so as to insure the best possible results in the way of conservation, and so as to bring about the development of resources for the benefit of our own people—not for foreigners. Dr. Tolmie, in his manifesto, has sounded the tocsin of "British Columbia for British Columbians." That is the motto which will be expected to guide the administrative tasks of his colleagues in office.

This is not as clear as it might be, but perhaps Dr. Tolmie senses just what is meant. During the campaign he and his lieutenants emphasized the need of more manufacturing in British Columbia out of British Columbia resources and less export of raw material. When they talked this way we presume they were thinking chiefly of logs. The percentage of logs exported from the province is very small in proportion to the cut, and much of this would find no market at all if it were not exported, since there is no demand for it in the province. We predict that from now on the amount of logs exported from this province to foreign countries certainly will not be less, and probably will be more, than has been exported during the last few years. We hope our readers will paste this prediction in their scrap-books for purposes of comparison. We venture the prediction also that we will hear very little about the export of logs from Dr. Tolmie's side of the House.

We also export largely of the products of our mines for manufacture abroad. Are we expected to assume that Dr. Tolmie would be silly enough to endeavor to stop this and thus close those mines? Indeed, there will not be the slightest diminution in the export of raw materials from British Columbia under the Doctor's regime, because the prevention of this commerce is a business impossibility. Incidentally, if other countries stopped this export to us we would be in a very bad way, since we have to depend upon raw materials from them. Let us try to be sensible—even in the dog days.

Perhaps, however, our contemporary was not referring to the export of raw materials from this province when it reminded Dr. Tolmie of his slogan, "British Columbia for the British Columbians," and was thinking of foreign capital. In that case, are we to assume that Dr. Tolmie is expected to do his best to prevent the investment of foreign money in British Columbia? Already there is a very large amount of this capital invested here and thousands of Canadians find employment in industries controlled abroad, while a large part of the business fabric of our province is supported by this investment. Without this foreign capital British Columbia would have about half of its present population and about the same percentage of its present development, since neither Canadian nor British investors have been sufficiently interested in British Columbia to put their money here to the same extent. We are going to venture another prediction, and that is that Dr. Tolmie not only will not move a finger to prevent foreign capital being invested in British Columbia, but will welcome the investment of all capital, whether it be British, Canadian or foreign. He will do this whether he wants to or not, because he will have to.

During the next few years Dr. Tolmie will have to borrow a lot of money for provincial purposes. He will have to borrow it where he can get it on the best terms. Hence, much of it will be borrowed abroad. Horrifying though it may be to some, he will borrow much of it in New York, for even if Canadian brokerage houses assume these loans they will market many of the securities in the United States.

Our morning contemporary reminds Dr. Tolmie about a promised reduction of the income tax and succession duties. We fear it is not rendering him good service in confronting him with pre-election references to these subjects at this time. If these taxes were reduced, the loss of revenue either would have to be made up from some other sources, that is, from those who have not large incomes or large estates, or the Government would have to cut down its appropriations for public works in the various constituencies. There are thirty-five pressing, enthusiastic reasons why the second course will not be adopted—the thirty-five members who will keep the Government in office. Incidentally, we cannot reconcile the slogan of

"British Columbia for the British Columbians" with the demand for the abolition of the succession duties, in view of the fact that the chief argument used by those who want those duties abolished is that this would encourage outside capital, particularly foreign millionaires, to come to British Columbia.

B.C.'S EMPLOYMENT CONDITIONS

FOR SOME YEARS BRITISH COLUMBIANS have been called upon to supply her quota of workers for the harvest fields of the Prairie Provinces. Our share has been between six and ten thousand. But we now are told that there are so few men in this province out of work that it will be impossible to render anything like the assistance we have rendered in previous years. "Conditions in British Columbia are better than they have been for several years past," is the explanation which Mr. J. H. McVety, superintendent of the Employment Service of Canada in this province, gave in a statement made public in Vancouver yesterday.

During the recent provincial election campaign Conservative speakers had a good deal to say about conditions in British Columbia. The best they could say of continually expanding business in all directions was that "we want something more in this province than magic lantern prosperity." Nothing would satisfy them. When bank presidents, railway executives, and business leaders assured them that all was well it was like pouring water on a duck's back. They had made up their minds that it was a good political cry to warn us that we were on our way to the bow-wows, and they stuck to their story right up till polling day.

We would like to inquire of these blue-rim mangers now, however, whether they really believed what they said, whether they think Mr. McVety, a responsible public official charged with helping to find men to harvest the grain that means so much to every man, woman and child in Canada, is talking through his hat or telling the truth. If they want to prove their charges, they can help Mr. McVety to find the men the Prairies are demanding.

AUSTRALIA AND BRITISH MIGRANTS

WE HAVE BEEN LED TO BELIEVE IN certain quarters that Canada has been making it as difficult as possible for migrants of British stock to enter this Dominion, while Australia's method of procedure to attract new people has been looked upon as more or less perfect. The fact that not in any single year in the last quarter of a century has the southern Commonwealth drawn so many settlers from the United Kingdom as this country does not seem to have impressed the critics of our policy. We learn from a dispatch from London yesterday, however, that out of a party of 560 young men from the county of Durham who presented themselves recently as settlers for Australia only twelve were selected.

The Yorkshire Post, one of the soundest of Britain's provincial dailies, is the authority for this statement. We are not told why there were 548 rejections out of a party of 560. The dispatch credits the newspaper with saying they were all of good physique. If the description is a fair one, and if the young men were healthy in mind as well as in body, it is difficult to understand why the Australian authorities in Great Britain should not have accepted more of them. The inference is that the restrictions being imposed by that Dominion are a good deal more exacting than those imposed by Canada. Assuming that this group could pass the Canadian tests, it looks as if this country might let these young men of Durham know that they would be assured of a welcome in this part of the Empire.

WHAT OTHER PAPERS SAY

CANADIAN UNITY

Quebec Soleil (Lib.)

Without destroying any of the traditions or essential privileges of nationality, we hope to be able to create a wider Canadian spirit, a spirit of tolerance, of justice and of patriotism, without which it will be impossible in the future to maintain the link of confederation. In the Dominion two great races exist and wish to seek their destiny. But as there is no question of founding a French state alongside an English state, as it would be utopian to dream of this separation between the elements of a country like our own, all we can do as a whole and to substitute a wider patriotism for the narrow love of our home countries.

NOVA SCOTIA'S CHARMS

Ottawa Citizen

While British Columbia is inviting tourists to come to the Pacific coast this Summer, Nova Scotia is bidding for more visitors to the delightful Atlantic province. How happily blessed is Canada to have such wonderful country at her eastern and western portals. In an attractive illustrated folder published by the provincial department of natural resources, Nova Scotia is described as the ocean playground. While there are seasons of the year when the ocean is anything but playful, there is truly no more delightful part of Canada than Nova Scotia in which to spend a Summer holiday. It is real seaside with genuine fishing villages where unsophisticated and industrious people live unspoiled by the spread of modern tourist enterprise. On the open Atlantic coast there are deep inlets and sheltered coves, but it is exhilarating to live far out on the rocky points where the surge comes rolling in unbroken from mid-ocean. Pools left by the ebbing tide are teeming with sea life. It is possible to discover wonderful sea gardens; Nova Scotia fishermen say that things are to be found growing in the sea resembling every variety of fruit and vegetable of the earth.

RESULTS OF TESTS IN HIGH SCHOOLS OF B.C. ANNOUNCED TO-DAY

(Continued from page 1)

The small number of candidates is due to the fact that in all the Provincial high schools the principals themselves have the right to determine promotions in the two grades. Students of Grades 9 or 10 who are granted supplementals or standing in four or more subjects on the June examination, and satisfy their principals by oral or written examinations given at the opening of school in September, that they have gained a fair standing of proficiency in the subjects in which they failed in June, may be promoted by the principal to the next grade without further departmental examinations.

AMBASSADOR NAMED

Tokio, July 25.—Katsuki Deduchi, who has been appointed Japanese Ambassador to the United States, expects to sail some time in October to assume his new post. He will succeed Tameo Matsudaira, who will go to London. Mr. Deduchi will not leave Japan until the wedding of Ambassador Matsudaira's daughter to Prince Chichibu, held apparent. After the Imperial ceremony in November, Shigeru Yoshida, Minister to Sweden, will succeed Deduchi as Vice-minister of Foreign Affairs.

BRITISH ACADEMY HAS NEW HOME

London, July 25.—The Prince of Wales, members of the Cabinet, several foreign ambassadors and a number of distinguished private citizens were present at a luncheon given by the British Academy to celebrate the opening of its permanent home in the new building and the eightieth birthday of the Academy.

Gold medals, specially struck to commemorate the event, were presented to the Earl of Balfour, the president; Harold Murray, son of Sir John Murray, who was the first editor of the Oxford Dictionary; and Sir George Grierson, distinguished linguist and mathematician.

In a brief address the Prince of Wales paid tribute to Earl Balfour's services to the nation and the peace of the world, as well as to learning and the arts. In reply the aged earl declared he felt that any regard paid by the young was a very great compliment, and especially when expressed by the Prince of Wales, "the natural leader of our youth."

To-day was the Earl of Balfour's eightieth birthday.

NO CANADIANS AT PAN-PACIFIC WOMEN'S PARLEY

Notable Delegates Unable to Go to Honolulu Next Month; Judge MacGill's Paper

Canada is unlikely to be represented at the great Pan-Pacific American Conference of Women to be held in Honolulu next month. Among the elected delegates from the Dominion were Miss Charlotte Whitton of Toronto, Judge Emily Murphy of Edmonton, Mrs. Mary Ellen Smith and Mrs. S. D. Scott of Vancouver, none of whom are, according to present indications, able to go. Judge Helen Gregory of Vancouver, while unable to attend in person, will contribute a paper on juvenile court work in Canada.

ORIENTAL REPRESENTATION
 There will be fifteen women each from China, Japan, New Zealand and Australia, two from the Philippines, and one, Mrs. S. Naida, famous poet and social leader, from India. The number from the United States was limited to fifty and twenty-five have already handed in their names. Latin America is sending its quota. Japan at the request of Prince Tokokura, president of the Pan-Pacific Association, took the initiative in arranging for the expenses of nine delegates.

The delegates will be entertained from August 19 to August 19 at the Panahou School, the oldest education institution in American territory west of the Rockies, being established by missionaries in 1820. The oldest building on the grounds now bears the date 1852.

The Pan-Pacific Union is lending its aid to the Women's Conference in various ways, one of which is to make available additional courtesy accommodation for the guests at the Pan-Pacific Research Institution in Manoa Valley.

VARIED PROGRAMME
 The programme includes lectures and discussions on health, child welfare, education (including home economics, pre-school education, progressive education, the arts, folk lore, physical education and spiritual values in education) industry and professions, and women in government and social service.

The conference will open on August 7, and the first few days will be devoted to sightseeing and preliminary committee work. On August 12, business meetings will commence and continue until August 19. A general meeting will be held each morning, devoted to the five different sections, and round table separate discussions will be held each day.

A two-days' tour of the islands of the Hawaiian group will be the social conclusion of the conference.

NEAR EAST RELIEF OFFICERS COMING

C. R. Vickrey and Dr. John R. Voris to Visit City

C. R. Vickrey of New York, general secretary of the Canadian Armenian Near East Relief and Save the Children Funds, expects in Victoria shortly to join Mrs. Vickrey, who has been spending some weeks with her mother, Mrs. David Spencer, Moss Street.

Mrs. Vickrey will be accompanied by one of her associates, Dr. John R. Voris, and they will meet the local committee of the Save the Children and Joint funds while here. Dr. Voris has been in education in the Near East. He, more than any one man, is responsible for the great educational programme which has been described as the greatest experiments in the world.

Dr. Voris in his work among the refugees has put on a programme of religious education, which is said to combine the best of the ancient religion of the Near East with Western faith. His visit should have particular interest for the churches.

Centenarian Tells of Early Days in Canada

Port Dover, Ont., July 25.—Norfolk County's "grand old lady," Mrs. Thos. Bayly of Port Dover, has just celebrated her 100th birthday. She is in remarkable health for her years, in spite of the fact that she was deprived of her eyesight more than twenty-seven years ago. Her maiden name was Mary Thompson, and she was the daughter of a young Scotsman who came to this country in his eighteenth year to help himself a clearing in the forest and to rear a family of sixteen children, whose descendants are now living in the district of Georgetown.

The old home where Mrs. Bayly was born a century ago still stands, and about it centre many of the cherished memories which she retains of those early pioneer days.

The work of the household of the Thompsons was divided up as evenly as possible. Mrs. Bayly was assigned to the spinning, a sister had the knitting to do, while to another sister fell the dressmaking. In winter the manifold tasks of the pioneer farm life were added to by the necessity of going to the woods and cutting tender twigs for the cattle to browse, there not being enough hay to tide them over the season of scarcity.

Mrs. Bayly has a vivid recollection of the troublous times of the Mackenzie rebellion, which was brought home forcibly to her family when the wife of a blacksmith who lived on a portion of their farm informed the Thompsons secretly that pikes were being manufactured by her husband, and that she feared that those who had been kind to her in many ways would become victims of those same pikes.

Mrs. George Kidd entertained at her home in Point Grey, Vancouver, Monday, when covers were laid for Miss Jessie Eberle of Victoria, Mrs. Herbert Drummond, Mrs. J. W. McFarland, Mrs. Harold Robertson, Mrs. Tucker, Mrs. H. S. Sherwood and Mrs. Burroughs.

SEATTLE DANCE MARATHON

ITS SECOND DAY

Sixteen Couples Seek to Win \$1,000 For 300 Hours' Dancing

Seattle, July 25.—While sixteen couples were well started yesterday on what is to be a grind of over 300 hours of continual dancing, city officials were getting their heads together in a belated effort to stop the proceedings before lack of sleep and exhaustion causes any serious harm to participants. The event is the American Legion dance marathon at the Seattle Armory, which started at 8 p.m. Monday night.

Dr. E. T. Hanley, city health commissioner, and Police Inspector Joseph Mason said yesterday that they had decided that the affair has not to be stopped. How to stop it, however, was the question.

The health commissioner, however, struck snag when he learned that three local physicians are attending the dancers and are pre-occupied to issue at any time a statement that so far the "health" of the contestants has not suffered.

BUCK IS PASSED
 The conference wound up with both Mason and Hanley asking Corporation Counsel T. J. L. Kennedy for a legal opinion on the matter, which he has promised to render.

Meanwhile the marathon promoters felt that they were within the law, and claimed that such precautions were taken as would prevent any bad effects to contestants.

DANCERS "WALK"
 As to the "dance," it "walked" into its eighteenth hour yesterday afternoon with all sixteen couples still bravely moving their feet enough so the judges wouldn't disqualify them for standing still. This slow walk goes on for a large part of the day, but as well as "walking" really dance—when the galleries are full and demand their money's worth.

To the couple sticking it out the longest goes the first prize money of \$1,000. The record for a marathon dance is 321 hours, and the Seattle contestants expect to stick to it in an attempt to beat that record. Lack of sleep, however, seems to be the principal danger to contestants, as they really work hard at dancing only at intervals when the audience is large.

Women's Institutes in Alberta have recently adopted a new policy, which gives to them a self-governing status. In commenting on the experiment the Editor of the women's page of The Toronto Mail and Empire says:

"To many, this is merely an indication of what will eventually take place in all the other provinces in regard to this great rural society, the branches of which have spread from Canada and graced the civilized world, through organized under the Department of Agriculture, in Ontario, and directed through it, the institutes in the province where the institute idea was born—of masculine, as well as feminine, foresight and brains—have never been really controlled by the department. Each branch has been allowed to work out its own salvation pretty much on the lines that its officers saw fit, the department coming in with aids of all kinds and supplying certain regular funds."

In the other provinces it has been much the same—the women have initiated movements, the government or the provincial universities have backed them up with assistance. Probably this freedom for self-determination has been one of the reasons for the growth and the strength of the institute movement.

SEPARATIST MOVEMENT
 "But the thought of any real separation from the Government was a shock to those who feel a sense of security, as well as very natural pride, in the knowledge that this organization for the benefit of rural women has been, to a certain extent, a real Government activity. But should other provinces decide to follow the lead of Alberta and separate into an entirely self-governing organization, women in command, they need have no fear for the future. The institutes in England came out from under the Government and have since been entirely self-governing and the movement has not lost, but many say, has gained, by the renewed sense of responsibility thrown upon the women officers and members."

A very enjoyable evening was spent on Saturday at the home of Mr. and Mrs. Washington, 600 George Road W., where a shower in the form of a surprise was held for their daughter, Florence, a popular bride-elect. The many gifts were concealed in a miniature covered wagon and presented by little Jesse Lathrop, assisted by Mrs. Clark, who was hostess at a miscellaneous shower in honor of Miss Hilda Machin, whose marriage takes place shortly to-day at 10 a.m. in order to take home Mrs. C. C. Clarke, 1047 Belmont Road. The rooms were prettily decorated with sweet peas and Shasta daisies. Miss Winnie Tallick presented the many useful gifts concealed in a well-decorated pink and mauve, the same color being used for the dining-room table, where refreshments were served. The evening was spent in music and dancing. The invited guests were Mr. and Mrs. Clarke, Mr. and Mrs. Murray, Mr. and Mrs. Montgomery, Mr. and Mrs. Gallop, Mrs. Kirkbridge, Mrs. Allman.

Guests at the Quilken Beach Hotel over the week-end included Mr. G. R. Beck, Mr. A. Field, Mr. and Mrs. Bucklerfield and party, Mrs. P. W. Bulbridge, Mr. L. H. Drummond-Hay and party, Miss J. Drummond-Hay, Mr. and Mrs. W. B. Farris and son, Mr. and Mrs. J. H. Willard, Mrs. Dixon, Mr. and Mrs. N. Inago, Mr. J. S. Hall, Mr. Robert Drummond-Ray, Mr. and Mrs. Glubela, Mrs. L. M. Mrs. Hutchins Wins But Mrs. Reed Loses

Seattle, July 25.—Mrs. Hutchins, Portland, defending champion, fell before Mrs. E. P. Ristline, of Seattle, 6 and 4, in the surprise match of the first round of the Washington State women's golf tournament here yesterday. While Mrs. Reed three-putted several greens, Mrs. Ristline went out in 42, taking the turn 4 up.

Mrs. Vera Hutchins, of Vancouver, B.C., eliminated Mrs. Guy Riegel, of Spokane, 3 and 2. Both are former holders of the Pacific Northwest women's title.

Eggs preserved for fourteen weeks by a patent process have afterward been hatched out into healthy chicks in the usual period of three weeks.

QUARTER FINALS OF CANADIAN NET TOURNAMENT TO-DAY

Play Progresses Well at Toronto. No Upsets Recorded Yet.

Toronto, July 25.—Eight matches in tennis championship will bring the event down to the quarter finals to-day. Players from East and West, as well as from the United States, are among the sixteen survivors.

J. Van Ryn of Princeton, N.J., meets Donald Gunn of Toronto to-day; Wilmer Allison of Texas is drawn against Walter Martin, champion of Saskatchewan, and John Doe of Santa Monica, Cal., plays Marcel Rainville, Montreal.

As the Americans are all in the lower half of the draw the chances of an international final are increased.

Jack Wright, Montreal, defending title holder, meets a veteran Canadian Davis Cup player, C. K. F. Andrews of Toronto, and Willard F. Crocker, Mon-

Play Resembles Semi-Finals and Finals Rather Than Early Rounds

Vancouver, July 24.—With the finest tennis that has been seen in Vancouver for some time being displayed, the second day of the Western Canada lawn tennis championships at the Vancouver Lawn Tennis Club yesterday afternoon, provided plenty of entertainment for a large gallery.

In the majority of the matches, high grade tennis was displayed, the games resembling finals and semi-finals more than second and third round matches.

Good progress was made in the draw, the men's singles being played down to the eighth.

Bob Sellers, of San Francisco, advanced in the men's singles by eliminating Howard Langille, of Seattle, in straight sets, 6-2, 6-3.

STRENUOUS STRUGGLE

Henry Prusoff, Seattle, and Sherman Lockwood, Tacoma, provided the feature match of the day, Prusoff winning after a strenuous three-set struggle, 6-8, 5-7, 17-15.

George Spurling, Vancouver singles champion of the Pacific Northwest, very nearly eliminated John Risco, of San Francisco, from the men's singles, but the one-armed star came back to win. The scores were 3-6, 6-4, 9-7.

Joe Coughlin, San Francisco, eliminated Stanley Almquist, Tacoma, 3-6, 9-7, 6-2.

Geoff Peers, Vancouver, got into the eighth of the men's singles by eliminating Prusoff, Seattle, in straight sets, 6-3, 6-1.

Yesterday's results were:

O.C. CRICKET

London, July 24.—Lancashire defeated Surrey by an innings and nine runs at the Kensington Oval in an English county cricket match yesterday. Lancashire scored 498 and Surrey 219 and 258.

Yorkshire won from Essex at Sheffield by an innings and 215 runs.

Sussex beat Northamptonshire at Northampton by an innings and 203 runs.

Gloucestershire defeated Glamorgan by 166 runs.

Hampshire won from Warwickshire by eight wickets.

Gain Freedom from Perspiration Odour from Bath to Bath

WHAT a simple, delightful way to avoid the unnecessary social error of perspiration odour . . . to refresh one's skin from top to toe regularly, in a bath with the cleansing, blandly antiseptic lather of Lifebuoy Soap.

Perspiration is natural . . . even healthful. Physicians say the average human body exudes from one to two pints of moisture daily in the form of perspiration.

But this moisture need not be offensive. Lifebuoy Soap in the bath opens the pores and cleanses and purifies them, keeps them sweet and *breathing*. Lifebuoy Soap gives you cleanliness that no other soap can give. . . . *antiseptic cleanliness*.

And this advantage costs you nothing extra because Lifebuoy Soap—a pure toilet soap for face, hands and bath—sells at a popular price.

You'll never know how truly delightful a bath can be until you try Lifebuoy.

Lever Brothers Limited

You Perspire in both Winter and Summer

Perspiration is not caused by warm, weather, exercise, or heavy clothing alone.

Joy, fear, or any emotion increases the flow of moisture through the pores of the skin. To keep well, drink lots of water, perspire freely and prevent perspiration odour by using Lifebuoy Soap.

Nurmi, Stout Old Gent, May Be Eclipsed This Time By Younger Men

Canadian Girls Flock Around Great Finnish Runner to Get His Autograph; Canadian Quarter-Milers Show Good Speed in Relay Practice; Australian Team Meeting With Much Hard Luck; Star Hurdler Hurt

Amsterdam, July 25.—The temporary Olympic training track was so crowded with ambitious athletes to-day that it was almost impossible for the Canadians to get in the proper practice. The Finns were out in full force, led by the redoubtable Nurmi, who appeared much older and heavier than when he was breaking records in America. Some experts profess to believe this Olympiad will see Nurmi's collapse.

Nurmi's autograph was sought by Ethel Smith, Fanny Rosenfeld and Miss Catherwood, of the Canadian girls' team. The three other Canadian girl athletes, Jean Thompson, Myrtle Cook and Jane Bell, rested to-day under the orders of Miss Alexandrine Gibb, the coach, and spent the time playing ukulele.

HORSE RACING

AT VANCOUVER

Vancouver, July 25.—With Palsee in the saddle, Greenshields, three-year-old gelding owned by H. M. Fullerton, won the Burrard Handicap, feature event on the programme at the third day's meet of the Asot Jockey Club at Hastings Park yesterday.

Forebec, odds-on favorite, failed to come in the money, finishing fourth.

Form employers got a jolt in the second when Prospector, favorite, ran out on the first turn and finished third. Shortways coping the race.

The results were:

First race—Claiming, purse \$500; three-year-olds and up; six and one-half furlongs: 1, Shasta Express, \$4.60, \$4.10, \$3.35; 2, Maurice Muichay, \$15.60, \$5.85; 3, Randolph, \$2.95, Time, 1:24.

Second race—Purse \$500; three-year-olds and up; about five furlongs: 1, Shortways, \$9.15, \$5.60, \$3.35; 2, Nerolis, \$24.60, \$8; 3, Prospector, \$2.85, Time, 2:04.

Third race—Claiming, purse \$500; three-year-olds and up; six and one-half furlongs: 1, Sylvania, \$10.80, \$6.40, \$4.55; 2, Old Sinner, \$14.60, \$8.25; 3, Black Sand, \$4.45, Time, 1:24.

Fourth race—Claiming, purse \$500; three-year-olds and up; mile and seventy yards: 1, Friar Tuck, \$4.90, \$3.55, \$2.85; 2, Alacador, \$7.90, \$4.15; 3, Au Revolt, \$2.90, Time, 1:49.

Fifth race—The Burrard handicap; purse \$600; three-year-olds; six and one-half furlongs: 1, Greenshields, \$9.65, \$3.95, \$2.90; 2, Purity Spot, \$2.85, \$3.20; 3, Shasta Bishop, \$5.60, Time, 1:23 2-5.

Sixth race—Ladies; purse \$500; fillies and mares, four-year-olds and up; six and one-half furlongs: 1, Furrow Beth, \$4.90, \$3.15, \$2.90; 2, Mabel Kripp, \$3.90, \$3.10; 3, Hot Muffin, \$4.90, Time, 1:23 1-5.

Seventh race—Claiming, purse \$500; four-year-olds and up; one mile and one-sixteenth: 1, Captain Adams, \$5.15, \$3.80, \$3.50; 2, Athelrain, \$10.65, \$6.75; 3, Cuiacian, \$10.05, Time, 1:50 2-5.

AT CHICAGO

Lincoln Fields, Chicago, July 24.—Yesterday's results were:

First race—Seven furlongs: 1, Pleasant, \$5.30, \$5.80, \$4.80; 2, Theo Pay, \$3.30, \$2.70; 3, Duck It, \$6, Time, 1:27.

Second race—Six furlongs: 1, McGonigle, \$18.50, \$10.50, \$6.90; 2, Miss Pearl, \$11.50, \$5.90; 3, Panini, \$4.90, Time, 1:15 2-5.

Third race—One mile and one-sixteenth: 1, Stars and Stripes, \$7.70, \$5.40, \$4.80; 2, Donna Santa, \$10.80, \$6.80; 3, Ada Adler, \$6.30, Time, 1:48 2-5.

Fourth race—One mile and one-sixteenth: 1, Union Central, \$6.40, \$3.30, \$2.70; 2, Cuddie, \$3.30, \$2.70; 3, Everlasting, \$3.30, Time, 1:43 3-5.

Sixth race—Five and one-half furlongs: 1, Princess Edith, \$6.20, \$3.50, \$3.40; 2, Jack Haskell, \$6, \$4.50; 3, Eminence, \$15.40, Time, 1:07 4-5.

Seventh race—One mile and one-sixteenth: 1, Cressco, \$15, \$7.40, \$5.40; 2, Eleven Sixty, \$22, \$9.80; 3, Flying Torch, \$5.20, Time, 1:45 3-5.

Saskatoon, Sask., July 25.—The Sunflower stable won the Saskatoon Derby, the feature event of the local exhibition here yesterday when its three-year-old, Cliefield, came with a rush in the last sixteenth to beat Koko, a rank outsider, under the wire. Cliefield proved a much better finisher than his stable mate, which was well up all the way until the stretch was reached.

TENNIS TALKS

By GEORGE M. LOTT, JR.

There are certain types of athletes who display beautiful form in practice but fail miserably to exhibit anything in a game. This type has no competitive spirit or match-play ability. Then again, we have the athlete who is at his best in the actual contest. He has the most essential requirement of any sport, namely, match play ability.

In tennis, regardless of how beautiful your form, it is of no avail unless you have the eagerness to do battle. There come times in a tennis match when it is necessary to throw aside form, footwork and everything else to make a wild scramble for a ball that could never be reached and returned in a style that would be considered graceful. Pretty strokes are good in their place but many times they must be discarded.

A good match player may have beautiful strokes yet be willing to cast them aside when the opportunity presents itself to reach a shot that can be returned only in a way that sends him to the ground after reaching it. If he gets that shot back he still has a chance to win the point and the real match player fights for every point, regardless of how he has to return his shots.

It is possible to get only so far in the tennis world without the proper spirit and then you stop. That distance is not very great.

In order to become a great player you must have a keenness to pit your ability against an opponent's and to be right in these fighting every minute.

Sometimes I think I must be one of
those women who have no sense of
humor—that I never know when peo-
ple are being serious and when they
are merely being amusing.

So I don't know how to take your
last letter. If I thought you actually
were starting out on a fresh flirtation,
I should be tempted to scold and
preach. But I can't believe you are
serious that you actually go out of
your way to court danger as you in-
dicated.

As a child, you loved to make people
angry at you just so you could exer-
cise your powers of persuasion to
make them love you again. I think
you do this now.

All of which is very charming for a
time, but one can cry "wolf!" too
often. And I have a feeling, if you
persist in your foolish flirtations in
quest of some sort of excitement, that
in time you may find that you have
taken the fine edge off your nature.
You may become just as reckless as
you like to make people believe you
are—become the mask you are always
wearing.

But I am not preaching—or I am
not going to. The one thing I have
learned is that I can't live your life
for you, and I can't recit my own ex-
periences so they will fit you. And if
you take a certain road, you must ac-
cept its destination.

Yesterday I stopped in to see your
friend Stella Meyer—she has a darling
little boy. At three weeks he weighs
eight pounds and is about as fine a
child as I have ever seen. Of course,
Stella and Bill are quite mad about
him.

I always thought Stella was a very
superficial girl, with her short skirts,
her exaggerated boyish bob and her
wild ways. And yet, when I saw her
with her baby, it occurred to me that
I had misjudged her greatly, and that
I had allowed a rather hard exterior
to form my estimate of her. I realized
that there is a gap between genera-
tions that we can't bridge.

And it occurred to me, Marye, that
I would be the happiest woman in the
world if I could see you with your own
child in your arms. Motherhood would
be the best experience in the world for
you. It would give you an opportunity
to expend that energy and initiative
that is always getting you into trouble
now.

I'm glad you are so pretty that you
are sought after, and so gay that people
like to be with you, but you have so
much that is good and fine that you
conceal just for fear people will think
you have a heart or feelings.

Love, as always,

IN THE MATTER OF THE ESTATE OF

High Blood Pressure Comes on Insidiously

By DR. MORRIS FISHER

In the cases of high blood pressure
or essential hypertension studied by
the pathologists of the University of
Minnesota, the blood pressure was in
most instances well over 180 millime-
tres of mercury.

Blood pressure is measured by put-
ting a cuff around the arm and in-
flating this cuff with air. The pres-
sure of the blood in the blood vessels
is transmitted to the inflated cuff and
from this to a column of mercury
which rises to the extent of the pres-
sure. The column is graduated in mil-
limetres.

AVERAGES

Life insurance studies of hundreds of
men indicate that the average for a
man twenty years of age is 120 milli-
metres of mercury. There is an aver-
age increase of two millimetres for
every five years up to the age of sixty
years, so that the average at sixty is
135.

In addition to measuring this pres-
sure there is also a diastolic pressure

which has to do with the heart at its
relaxed phase. This lower pressure is
eighty at twenty years of age and
about ninety at sixty years of age.

For this reason investigations have
set an approximate limit of 150 milli-
metres for a man of forty years of age
as a sign of the condition diagnosed as
hypertension.

Associated with the high blood pres-
sure will appear various symptoms
which may be so slight as to be dis-
regarded. For this reason it is a com-
mon observation that high blood pres-
sure comes on insidiously.

For this reason also physicians ad-
vise that men have themselves exam-
ined at least once each year in order
to detect as soon as possible any ten-
dency towards high blood pressure and
to correct that tendency by the adop-
tion of proper modes of living.

The condition is most frequently
discovered, in fact, during a routine
physical examination of a person who
is unaware of any illness. It is well
known, moreover, that high blood pres-
sure may persist for many years with-
out important symptoms recognizable
by the patient.

In the vast majority of cases, symp-
toms such as headache, shortness of
breath on exertion, dizziness, nervous
irritability, inability to sleep, blurring
of vision, nose bleed and blueness of
the hands and feet appear associated
with the high blood pressure, and the
person is likely to consult a physician
for these symptoms rather than for
the blood pressure itself.

NEWS IN BRIEF

Jennie Smith, charged with vagrancy, was sentenced to one month's imprisonment in the City Police Court this morning.

Magistrate Jay dismissed the charge of being in control of an automobile while under the influence of liquor brought against James W. Pomeroy in the City Police Court this morning.

Reports of employment throughout Canada received by the Victoria Chamber of Commerce show that a further pronounced gain last month resulted in a more favorable situation than in any other month of the record. Statistics were tabulated by the Dominion Bureau of Statistics from 6,533 firms with 943,344 employees, as compared with 884,262 on May 1.

Dr. A. F. Barton will give another of his popular health lectures this evening in the New Thought Temple, 933 Pandora Avenue, at 8 o'clock. His subject will be "Fatigue and Its Cause." The lecture will be followed by demonstrations of diagnosis from observation of the eyes. Dr. Barton is a great advocate of the Biochemic Theory of Disease, and his teaching indicates that the trend of healing in the immediate future will be along the lines of preventive medicine.

B.C. Boatmen Will Attempt Passage From New York to San Francisco

New York, July 25.—James McArthur and Sidney A. Quailan, both of Vancouver, B.C., sailed down the Hudson River early to-day in a thirty-four-foot motor launch, the Miss Vancouver, bound for San Francisco. They will go by way of the Panama Canal.

Mr. McQuailan, who is a well-known speed boat enthusiast of Vancouver, and who has already traveled more than 10,000 miles in that type of boat is planning the trip as a method of proving the possibility of using a slow speed motor in a high speed hull.

DEALERS EXPECT ANOTHER CHEQUE

Further Refund on Luxury Tax For Automobile Men

Another instalment on the luxury tax refund due to automobile men is due at this time has been received by the dealers. The refund is being distributed throughout Canada.

With the repeal of the luxury tax in December, 1926, automobile dealers who at that time had unsold cars on hand on which they had paid the tax to the manufacturers were in the position of being unable to collect it on the sale of the cars. The dealers organized dealers throughout Canada with the result that representations were made to Ottawa. The outcome was that the Government decided to recompense the dealers, the first cheque arriving last year and carrying seven per cent interest for seven years. The amount due to all dealers throughout Canada was \$1,987,499.

For British Columbia, dealers this amount represented \$117,714.81. Throughout Canada the average cheque due dealers was between \$3,000 and \$4,000. The recent vote provided for claims not yet completed.

Hotel Rotunda Gossip

Growth of business in British Columbia during the last year has been surprising the whole coast, according to J. B. Warnick, of Portland, Ore., Coast supervisor for the Manufacturers' Life, and former Victoria business man, who has arrived in Victoria. He will be here and up the Island for a week or so.

"As a result of what has been opened up here in the last few years, everywhere are centred on this part of the Northwest," Mr. Warnick said.

FROM MAINLAND

Among the prairie people who arrived here to-day and are at the Empress Hotel on short summer visits are Mr. and Mrs. H. A. Lowery, of Winnipeg; Mr. and Mrs. Sam B. Ferris and E. G. Ellis of Edmonton; Mr. and Mrs. A. M. Niblick, of Medicine Hat; Mrs. Green, of Calgary, who has Mr. and Mrs. A. Turner, of Vancouver, with her; Mrs. J. S. Jordan and Miss Barbara Connor of Medicine Hat; Mr. and Mrs. James McCaig and family of Calgary, who have Miss Dorothy Weir of Winnipeg, with them.

Mr. and Mrs. G. G. Hutchinson and Mrs. A. E. Grier are over from Vancouver and are at the Empress Hotel together.

From Merritt, B.C., there are Dr. J. J. Gillis and Mrs. Gillis, and Mr. and Mrs. J. Stott and William Stott.

Dr. L. B. Sherry and Mrs. Sherry arrived here this morning from Passau, and are stopping at the Empress Hotel for a few days.

Mayor Walker Of New York Visiting B. C.

Mayor J. J. Walker of New York will arrive here to-morrow after a holiday tour up the Pacific coast.

Mayor Walker, with his party, will leave the city at 7:40 from Seattle, and his private car, the "Roamer," will immediately be transferred to the Canadian Pacific lines for the journey East. As the visit is purely an informal one, no definite official programme has been arranged in Vancouver, but Mayor Walker will meet civic officials during his stay here. He leaves for the East on Canadian Pacific train No. 6 at 8 o'clock Thursday evening and will stop at Lake Louise on Friday for a brief stay in the Rockies. After driving Banff, he and his party will resume their train journey to Chicago on Saturday night.

HEAT WAVE ROSE TO 88 DEGREES TO-DAY

Victoria's heat wave touched the high spots to-day when at noon the thermometer at Douglas Heights Observatory reached 88 degrees, the highest since the mercury started to rise on Saturday last. According to Superintendent Deussen there is no prospect of a change for a day or two.

WIDE VARIETY OF SHOWS AT FAIR

All the fun of the fair will be offered at the Willows Exhibition this year by the Browning Amusement Company, who will come to Victoria with a wide variety of shows, including everything that makes the joy zone a magnet for thousands daily during the fair week.

There will be gliders, whips, merry-go-rounds, Ferris wheel, boat races and a host of other attractions, and an added feature this year will be a number of small merry-go-rounds and Ferris wheel especially designed for children.

The problem of parking will be met at the fair this year with a great free parking area outside the gates. This will be under the joint supervision of police and fair officials.

Tilden Gets Card Because Governments Dictate to Amateurs

New York, July 25.—The United States Lawn Tennis Association to-day issued a statement announcing that it had its president, Samuel H. Collow, by cablegram to Paris yesterday, that "if the American Ambassador believed other considerations outweighed principles involved in the withdrawal of Tilden, the U.S.L.T.A. feels Collow should accede to the request of the Ambassador and reinstate Tilden."

Collow had caused the association as follows:

"French misunderstood our position and have brought pressure to bear on our Ambassador, who says from the standpoint of international relations it is important accede to their request."

LEADER URGES LAWS BE KEPT

At Seattle Head of U.S. Bar Association Talks of Prohibition Problem

Seattle, July 25.—Prohibition in the United States should not be a political issue. It is perhaps the biggest problem confronting the people of this country, Elias H. Strawn of Chicago, president of the American Bar Association, said in his annual address at the opening session of the convention of attorneys from all parts of the United States here to-day.

Choosing as his topic "Fifty Years of Progress," Strawn, a prominent lawyer, a plea for law observance, pointing to what he declared was an alarming increase in violence during the last half century. The constitution should be obeyed or amended, he said, but must not be nullified.

AMENDMENT ATTACKED

The Eighteenth Amendment to the constitution had the distinction of being the only amendment whose validity had been the subject of direct attack. Strawn asserted.

"Notwithstanding the decisions of the courts, the 18th Amendment and its enforcing legislation are still the subject of much acrimonious debate," he said.

"Many of the representative citizens, who would not think of violating any other law, continuously violate the Volstead Act or conduct to its violation, by buying contraband liquor from bootleggers, thereby enriching the underworld beyond the dreams of avarice."

OBITUARY

The funeral of the late Patrick Callan of 930 Hillside Avenue will be held from the Sands Funeral Chapel on Monday at 8:30 a.m., proceeding to St. Andrew's Church, where mass will be said at 9 o'clock. Interment will be made in Ross Bay Cemetery.

Funeral service was held yesterday afternoon for Kenneth McKrimmon, who died at the Royal Jubilee Hospital last Sunday. The family and friends were in attendance. Rev. W. A. Guy officiated and the hymns sung were "Jesus, Lover of My Soul" and "Abide With Me." The remains were laid to rest in the Royal Oak Burial Park.

Funeral service for William John Mann was held at Hayward's B.C. Funeral Chapel yesterday afternoon, July 24, G. G. Bompas officiating in the presence of many friends. The hymns sung were "Magni My God to Thee" and "Lead Kindly Light." Numerous

beautiful floral designs covered the casket and hearse. The following acted as pallbearers: Henry Holmes, John Greening, N. McPhee, W. S. Curry, Edward Jones and W. D. Taylor. Interment took place in Royal Oak Burial Park.

The remains of Mrs. Jeannie Howard were laid to rest yesterday afternoon in Ross Bay Cemetery, the funeral taking place from Hayward's B.C. Funeral Chapel, Rev. F. A. Ramsey officiating. The hymns sung were "Weaver, My God, to Thee" and "Abide With Me." A solo was also rendered by Mrs. T. Hall.

"Vale." A large number of friends were present and the floral tributes were many and beautiful. The following were pallbearers: James Hamilton, J. Hill, W. E. Farmer, P. Hancock, J. W. Ackerman and S. Osborne.

VANCOUVER STOCKS WEAKEST IN WEEKS

Vancouver, July 25.—To-day was the weakest market experienced for many months. One feature was the bidding on Big Macmillan. Bidding was the opening was fairly spirited, but not one sale was put through. Cork made a loss of one to 30. George Copper dropped 10 to 4.00. Dalhousie River held fast at 34. Colcolata was steady on a weak market and closed at 94½. Kootenay Florence showed great weakness and sold at 24, a loss of 2 points. Lucky Jim made a small gain to 33. Pend Oreille weakened to 14.00. Porter Idaho appears to be the only bright spot, keeping up its steady gain to touch 75. Topley-Richfield kept steady at 57½. Woodbine had one sale at 28 and Wellington made a half to 17. The rest of the market is better left to the imagination.

Taking Profits

A FEW short months from now those persons who have purchased selected mining stocks at Summer prices will be "taking profits." Do you expect to share in this prosperity? The pronounced interest in British Columbia's mining industry is resulting in unprecedented development. The strength of the market at present reflects this interest and assures much higher prices when the Fall activity sets in. We are in a position to furnish reliable information on every meritorious mining undertaking in the Province.

COL. AYRES SEES STOCK DECLINE COMING IN FALL

Col. Leonard P. Ayres, famed economist of the Cleveland Trust Company, in his latest statement on the financial outlook, pictures the stock market as a "great national bet against the continuation of high interest rates, and since the Federal Reserve authorities can hardly reverse their present policy until the excessive use of credit for speculation has been terminated, the decision will probably be against the stock market."

Col. Ayres predicts "the end of the Coolidge prosperity era of five years and a serious decline in stock prices before the end of this year." He also predicts a "great national bet" against the continuation of high interest rates, and since the Federal Reserve authorities can hardly reverse their present policy until the excessive use of credit for speculation has been terminated, the decision will probably be against the stock market.

Laurentide Sells Power Holdings

Montreal, July 25.—The Montreal Gazette says yesterday that it has learned on good authority that the Laurentide Power Company Limited, the Shawinigan Water and Power Company, for \$150 in cash and one share of Laurentide stock for each share of Shawinigan stock, the paper states, and adds:

It will be seen that it will receive 72,000 shares of Shawinigan stock, plus \$10,800,000 in cash.

Willys-Overland Output Runs High

New York, July 25.—Willys-Overland delivered at retail 14,965 cars in the first fifteen days of July, not including export sales. Daily output averages 1,500 cars. Sales for the year to July 15, exceeded 215,000, against 174,743 for the entire year of 1927.

CANADA'S TRADE

Ottawa, July 25.—Increased imports and decreased domestic exports but with exports running well ahead of imports, during the twelve-month period ended June 30, 1928, as compared with the preceding twelve months are shown in figures issued through the Dominion Bureau of Statistics.

During the twelve months ended June 30 last, Canada's imports totaled \$1,142,004,404. During the twelve-month period ended with June, 1927, the imports were valued at \$1,058,254,257.

Domestic exports during the twelve months just ended reached a valuation of \$1,250,526,238, as compared with \$1,274,261,233 in the preceding twelve months.

Toronto, July 25.—As the result of a raid conducted by police on the Prospectors' Club here, sixty-two men were found guilty of gambling in police court yesterday and fined \$10 each and costs each.

TORONTO MARKET FIRMS NEAR CLOSE

Toronto, July 25.—The Toronto Stock Exchange to-day and prices for the most part were decidedly weak, but in a number of cases prices firmed during the latter part of the session. Acanda, opening at 18, sold up to 20 and was 2 points better at 19-10½. Amulet opened at 41½, sold down to 40, but recovered again to 41½, closing at 407-410 for a net loss of 3 points. Granada was firmer at 23 reflecting a favorable report issued at the annual meeting.

Malartic was steady and unchanged. Toramagac opened at 370 and under small trading lost group to 350 at the close. Noranda was inclined to be erratic. Opening at 53-57, it quickly sold down to 50.00, but later rallied again at 56.25 and then sold off to 54.45, losing 35 points at 55-55.50.

Crown Reserve was off three at 45. Hovos opened at 93 and after selling down to 91, rallied to 93, closing at this figure for a gain of 41 points. Jackson Manion was weak and lost two to 88-89½.

Sheriff-Gordon was erratic, selling at 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

Book of Knowledge

Sketches by Bessy.
Synopsis by Brauch.

IN A MODERN BAKERY

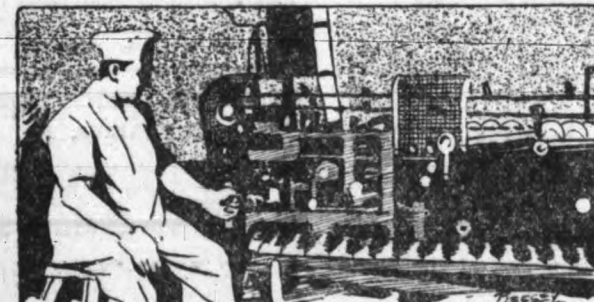

Nearly every one has seen dough mixed by hand, but in a great modern bakery everything is done by machinery. All the ingredients are carefully weighed, and then the dough is placed in these great mixers which knead it more thoroughly than can be done by hand. Each machine mixes enough dough for 1600 loaves of bread.

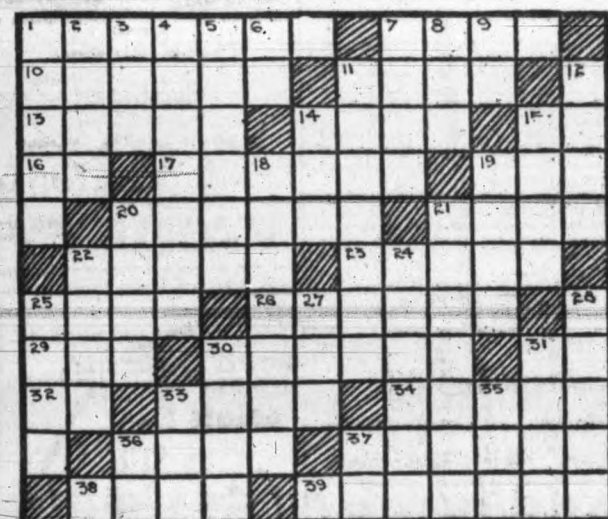

Mixed dough is sent to this machine. At every revolution of the cylinder in the center, dough for six loaves of bread is cut and divided.

On their way to the ovens the loaves go through this machine which places each loaf in a separate pan. Then the dough goes on a belt to the ovens.

These crusty brown loaves have been through the ovens and are ready to eat. This machine wraps each loaf in waxed paper and fastens the cover securely. You can see the uncovered loaves moving leftward on the lower belt, and the covered loaves moving to the right above. Now the bread is ready for distribution.

To-morrow's Horoscope

THURSDAY, JULY 26, 1928

For most human needs the planetary

according to astrology. Until late in the afternoon adverse aspects rule. The morning sway is conducive to irritability and an inclination to find fault. It is menacing to domestic harmony. Gossip and severe criticism of neighbors as well as public persons may

be prevalent under this sign of the stars. It is not an auspicious time to seek the favor of employers or to push one's personal interests. Uranus is in a place ready to pressing controversies regarding aviation. Not a lucky day for testing aeroplanes. Under this sway secret plots and

conspiracies multiply. It is announced and for this reason political candidates may suffer misjudgment. The stars forecast for the chief executive office of the nation surprising happenings that may upset the best laid plans of political parties. Circumstances over which men have no control are to intervene in connection with the policies that have been widely outlined, astrologers warn. Ocean voyagers may find this an unsatisfactory day for journeying and may encounter unpleasant traveling companions. Danger of losses from robbers or highwaymen is foreshadowed for tourists in certain well-traveled places.

Persons whose birthdays it is should exercise much self-control in the coming year which may bring many vexations as well as pleasures. Children born on this day may be too intense and emotional for their best development. The subjects of this sign may be exceedingly talented. (Copyright, 1928.)

ELLA CINDERS—Hurry, Hurry, Hurry!

Ella looks like an accident that's on its way to happen! Deep in thought, she's walked right in front of a truck—and she'll be deep in grief if she doesn't skip out of the way!

SPLIT SECOND STUFF! You Mr. Cummings be in time to save our Ella!

BRINGING UP FATHER

THE WAITER SAID THAT THE VEAL WAS GOOD BECAUSE HE SAW THE CHEF EATIN' SOME OF IT—BUT I'M GLAD I ORDERED FISH. THAT WATER IS CERTAINLY TAKIN' A LONG TIME.

WHERE'S THE FISH?

IN JUST A MINUTE, SIR.

HEY—ASK THAT WAITER ABOUT THE FISH I ORDERED.

I DID AND HE SAID IN JUST A MINUTE.

SORRY, BUT YOUR FISH WILL BE HERE IN JUST A MINUTE.

SAY, WHAT KIND OF BAIT IS THAT WAITER USIN'?

MUTT AND JEFF—They Try to Pick the Winner of the Big Fight

MUTT, WE'RE IN DOUBT WHO TO BET ON IN THE BIG FIGHT. MY DOG'S NAME IS 'HEENEY' AND YOUR DOG'S NAME IS 'TUNNEY'. SUPPOSE WE LET THEM FIGHT IT OUT AND SEE WHICH WINS AND THEN WE CAN BET OUR JACK ON HIS NAMESAKE.

THAT'S A DARN GOOD HUNCH! I'LL GET MY DOG!

NOW, 'HEENEY', IF YOU'RE A REAL FIGHTER, SHOW IT!

'TUNNEY', DO YOUR STUFF! SIC 'EM!

'HEENEY'S CAUTIOUS! IT LOOKS LIKE 'TUNNEY'S' NO SLOUCH AT THAT STUFF HIMSELF!

HUH! WHAT'S THIS?

I'M GLAD YOU ASKED ME! PAGE DEMPSEY!

DEAR MISS DEBRIS: ON OUR TWENTIETH WEDDING ANNIVERSARY MY WIFE AND I HAD A BIG PARTY. THE GUESTS CALLED ON MY WIFE FOR A SPEECH. SHE SAID I WAS A MODEL HUSBAND. DON'T YOU THINK THAT IS VERY WONDERFUL AFTER TWENTY YEARS? JOHN.

DEAR JOHN: ALL DEPENDS HOW YOU LOOK AT IT. ACCORDING TO WEBSTER'S DICTIONARY THE WORD 'MODEL' MEANS 'A SMALL IMITATION OF THE REAL THING'. HORTENSE.
